

# **S2S Web Technology**

## **Company Profile**

## Greeting from S2S Web Technology....!

- We began in 2014 as a small start-up, servicing a number of local businesses with website design.
- Today, we have 200+ customers' retention, 15+ products, 3 branches. And we have established ourselves as a market leader in the web design industry, ecommerce, cloud based GST billing, CRM-HRM, cloud based school management, cloud based hospital software, digital marketing and cloud based software for various kinds of industries - an achievement we credit to our hardworking team and sophisticated products.
- Small scale, medium scale or large scale companies , we have solution for all. We continue our research and development and are expanding our network of clients every day.
- We also compliment all our websites with Digital Marketing services, where we are able to promote your business online via paid advertising, SEO, and Content Writing services.

***“thinking about your business growth is our business....is our Mantra***

**Our goal is simple:** Partner with our clients, to deliver a profitable marketing strategy that will drive measurable growth in their business.
